

NOVALOK

ADVANCING INNOVATION

A WIDE RANGE OF SOLUTIONS

Various options to suit your tyre storage needs.

Tyre Storage Shelving.

Novalok offer a range of comprehensive shelving systems, for effective tyre storage.

NOVASPAN

A medium duty system which is ideal for tyre retailers who have a large range of tyre sizes stored individually, and who need 100% accessibility or selection. This is our most popular range.

VICTOR PALLET RACKING

A heavy duty racking system which is best suited to bulk storage of stock such as in a wholesale application.

NOVALOK 'WORKS' SHELVING

Also popular with retailers, this is a medium duty system and is sold in preference to Novaspan if special sizes or configurations are required. Novalok 'Works' shelving can be tailor-made to suit your specific needs. Novalok 'Works' is available in a large range of sizes, it can be custom built to suit special applications. Novalok 'Works' shelving can be powder coated to your corporate colours.

Novaspan system is the most popular option for tyre retailers. Novaspan has bolt together frames with clip in beams. This means that beam positions are very easily adjusted as tyre storage requirements change.

The Tyre storage racking looks smart with the end frames powder coated in a charcoal colour, and the beams done in light grey. For an extra charge we can match you corporate colours.

MDF shelving is also available for small tyres and tubing and other parts storage within the tyre storage racking.
